

Brevard County Building Code

Tech Tools

Customer Contact: We can e-mail you when all reviews have been completed for your application. Just let us know your e-mail address and that your contact preference is e-mail.

Inspections: You can request your inspection through the internet! The County receives an e-mail and responds back by e-mail when the request has been processed.

Just go to our home page at www.brevardcounty.us/buildingcode/home

click on

Inspection Request via Email

complete the form and click

Submit

it's that easy!

Permit Information (records search): What to know the status of your application review or the status of your inspection? Record Searches are available on line at www.brevardcounty.us/buildingcode/home

Permit Search: Legacy permit search 1990 to 2002

Citizen Access: Building/Search Applications – 2003 to CURRENT

click on

Citizen Access

then click

Building
Search Applications

enter your permit number or street number and street name then click

Search

Your results will appear at the bottom of the page - just click on the permit number you want to view.

Applications for Permit and Submittals: You can submit some documents by e-mail.

WHAT – Application for Building Permit and supporting documentation for the following types of projects: re-roof, HVAC, pool resurface, electric, water heater, shutters, windows, doors, and other minor projects. Submittal of documents requested by the Plan Examiner and One-Stop Agencies. **(some restrictions apply)**

HOW – scan your documents (pdf batch file, 300 dpi resolution) and attach to your e-mail to permit.mail@brevardcounty.us. For technical assistance, contact Debra at 321-633-2072 x52664.

RESTRICTIONS – e-mail attachment must be under 10 MB in size – the Engineer's seal on documents must be visible on the scan – County may require an original of any document submitted by e-mail – not available for owners acting as the contractor, owner builder must appear in person
