FOR IMMEDIATE RELEASE  
JULY 9, 2010

**Brevard Marine Advisory Council Meeting to Address  
Maritime Management Master Plan**

VIERA, Fla. – The Brevard Marine Advisory Council (BMAC) will address the Brevard County Comprehensive Maritime Management Master Plan (CM3P) at its meeting on Thursday, July 15 from 6 to 8 p.m.

The BMAC will continue development of the CM3P by providing formal input and recommendations to staff regarding the first draft components of the plan.

Four goal-specific project working groups, established to represent a cross-section of backgrounds and interests, have been completed. The results of those public workshops have been compiled and reviewed by the project steering committee. All suggestions will be brought before BMAC, who will provide formal recommendations on the draft CM3P goal write-ups. Staff will compile all comments and these recommendations will be brought before the Board of County Commissioners for approval.

The meeting will be held in the Space Coast Room at the Brevard County Government Center, 2725 Judge Fran Jamieson Way in Viera.

For more information or to volunteer for a project working group, contact Matt Culver at 321-633-2016 or email Matt at [matt.culver@brevardcounty.us](mailto:matt.culver@brevardcounty.us). Go to [http://www.brevardcounty.us/environmental\\_management/CM3PWorkingGroupUpdate.cfm](http://www.brevardcounty.us/environmental_management/CM3PWorkingGroupUpdate.cfm) to see detailed project information.
