## **Brevard Libraries Offer Free Language Lessons Online**

BREVARD COUNTY, Fla. – Brevard County libraries are now offering free foreign language lessons online, through Rocket Languages.

Rocket Languages is a new foreign language database. Patrons can set up a free account, select a language, and begin to learn at their own pace. The program includes interactive lessons to learn conversational language. Audio lessons can be completed online, or downloaded for use with a personal computer, iPod or MP3 player.

Each conversation is broken down so the learner can follow along and pronounce Spanish words and phrases aloud as though they're taking part in a real-life situation. The 32 tracks average 25 minutes in length, and become more challenging as the learner works through the course.

The available languages are Arabic, Chinese, French, German, Hindi, Italian, Japanese, Spanish, and American Sign Language.

Rocket Languages can be found on the database page of the Brevard County Libraries website,

under Foreign Languages.
