APPLICATION SUBMITTAL GUIDE

New Construction – S F R

**The items listed may not cover every situation or circumstance, additional information may be required.*

- Application for Building Permit** – complete with notarized signature of contractor or authorized agent. [IF owner acting as contractor, only owner can sign and owner must appear in person to pick up]
- Owner/Builder Application for Contractor Exemption**– signed by the owner and notarized.
- Subcontractor Authorization** for each named subcontractor or **Annual Subcontractor Authorization** on file with Brevard County Building Code.
- One (1) Copy of recorded Notice of Commencement (NOC) or Affidavit of NOC Filing** along with a copy of the NOC
- One (1) Copy of Onsite Sewage Treatment and Disposal System (septic) Permit and approved survey/plot plan** for more information contact the State Department of Environmental Health 321-633-2100
- One (1) Copy of Sanitary Sewer Service Capacity Availability Certificate or Reservation Certificate** for more information contact the sewer service provider
- One (1) Copy of Potable Water Service Capacity Availability Certificate or Reservation Certificate** for more information contact the water service provider (not required if on well)
* Mims Area: **Notice Regarding Mims Water System Service Areas and Application for Mims Water Service**
- Land Clearing/Landscaping Information and Affidavits**
- Two (2) Sets of Construction Documents and Plans** signed and sealed by a Florida Registered Architect or Engineer and must include at a minimum:

<input type="checkbox"/> Certification that plans meet minimum FBC design loads	<input type="checkbox"/> FBC 1609 design wind load criteria
<input type="checkbox"/> Structural design loads (dead/live loads, etc.)	<input type="checkbox"/> Foundation plan and footer schedule
<input type="checkbox"/> Dimensioned floor plan labeling all rooms and spaces	<input type="checkbox"/> Wall section(s) for each wall type used
<input type="checkbox"/> Truss layout drawings	<input type="checkbox"/> Connector schedule
<input type="checkbox"/> Elevation views of structure	<input type="checkbox"/> Plumbing riser diagram
<input type="checkbox"/> Electric plan and service riser diagram	<input type="checkbox"/> Required egress window location
<input type="checkbox"/> Product approval data for all doors, windows, garage doors	<input type="checkbox"/> HVAC duct layout
- Two (2) Complete Copies of Energy Calculation Forms** Must include one (1) copy of “Manual J” for HVAC equipment sizing, and one (1) copy of completed “Energy Guide Form” (EPI=). COMPUTER PRINTOUTS ARE ACCEPTABLE
- One (1) Raised Seal and One (1) Copy of a Boundary Survey** depicting all structures and improvements on the property as they exist at time of submittal and must include at a minimum:

<input type="checkbox"/> Location and configuration of subject property lines	<input type="checkbox"/> Dimensions of all structures on the property
<input type="checkbox"/> Location and dimension of right-of-ways and easements	<input type="checkbox"/> Distance of all structures to property lines (setbacks)
<input type="checkbox"/> Finished Floor Elevation of existing habitable structures	<input type="checkbox"/> Centerline elevation of roads abutting property
<input type="checkbox"/> Reference to vertical datum (NGVD 29) for elevations	<input type="checkbox"/> FEMA Flood Zone Information
<input type="checkbox"/> Coastal Construction Control Line (oceanfront properties)	<input type="checkbox"/> Safe Upland Line without seawall (waterfront lots)
<input type="checkbox"/> Finished Floor Elevation of houses on all adjacent properties	
- Two (2) Copies of Dimensioned Plot Plan Diagram** drawn to sufficient scale and clarity showing all proposed improvements and must include at a minimum all the requirements for sealed survey and:

<input type="checkbox"/> Dimensions of all proposed structures	<input type="checkbox"/> Proposed finished floor elevations
<input type="checkbox"/> Location of all structures and distances to property lines	<input type="checkbox"/> Location of septic tank and drain field
<input type="checkbox"/> Location, dimensions, & material of driveway, driveway aprons & AC pads	<input type="checkbox"/> Location of wells
<input type="checkbox"/> Proposed landscape plan	<input type="checkbox"/> Lot drainage plan
<input type="checkbox"/> Proposed culvert pipe size, invert elevations, pipe material, and end treatments (or state existing culvert)	
<input type="checkbox"/> Existing culvert information for all culverts within 500 feet	
- IF** on a coastline: **State Department of Environmental Protection Approval.** For more information contact the State D. E. P. at 850-921-7778
- IF** on a coastline: **Marine Turtle Protection Affidavit**

“OWNER/BUILDER” APPLICATION FOR CONTRACTOR EXEMPTION

Florida Statutes 489.103 Exemptions.

7) Owners of property may act as their own contractor and provide direct, onsite supervision themselves of all work not performed by licensed contractors:

(a) When building or improving farm outbuildings or one-family or two-family residences on such property for the occupancy or use of such owners and not offered for sale or lease, or building or improving commercial buildings, at a cost not to exceed \$75,000, on such property for the occupancy or use of such owners and not offered for sale or lease. In an action brought under this part, proof of the sale or lease, or offering for sale or lease, of any such structure by the owner-builder within 1 year after completion of same creates a presumption that the construction was undertaken for purposes of sale or lease.

(b) When repairing or replacing wood shakes or asphalt or fiberglass shingles on one-family, two-family, or three-family residences for the occupancy or use of such owner or tenant of the owner and not offered for sale within 1 year after completion of the work and when the property has been damaged by natural causes from an event recognized as an emergency situation designated by executive order issued by the Governor declaring the existence of a state of emergency as a result and consequence of a serious threat posed to the public health, safety, and property in this state.

This subsection does not exempt any person who is employed by or has a contract with such owner and who acts in the capacity of a contractor. The owner may not delegate the owner’s responsibility to directly supervise all work to any other person unless that person is registered or certified under this part and the work being performed is within the scope of that person’s license. For the purposes of this subsection, the term “owners of property” includes the owner of a mobile home situated on a leased lot. To qualify for exemption under this subsection, an owner must personally appear and sign the building permit application and must satisfy local permitting agency requirements, if any, proving that the owner has a complete understanding of the owner’s obligations under the law as specified in the disclosure statement of this section. If any person violates the requirements of this subsection, the local permitting agency shall withhold final approval, revoke the permit, or pursue any action or remedy for unlicensed activity against the owner and any person performing work that requires licensure under the permit issued. The local permitting agency shall provide the person with a disclosure statement.

Owners violating the above shall be subject to a penalty under Florida Statute 455.228 and may be issued a citation and/or civil penalty.

initials

DISCLOSURE STATEMENT

Florida Statute 489.103(7) requires all owners of property acting as their own contractor to complete the following disclosure statement. This is an affidavit for owner/builders applying for building permits under the owner/builder contractor exemption.

1. **I UNDERSTAND** that state law requires construction to be done by a licensed contractor and have applied for an owner-builder permit under an exemption from the law. The exemption specifies that I, as the owner of the property listed, may act as my own contractor with certain restrictions even though I do not have a license.
2. **I UNDERSTAND** that building permits are not required to be signed by a property owner unless he or she is responsible for the construction and is not hiring a licensed contractor to assume responsibility.
3. **I UNDERSTAND** that, as an owner-builder, I am the responsible party of record on a permit, I understand that I may protect myself from potential financial risk by hiring a licensed contractor and having the permit filed in his or her name instead of my own name. I also understand that a contractor is required by law to be licensed in Florida and to list his or her license numbers on permits or contracts.
4. **I UNDERSTAND** that I may build or improve a one-family or two-family residence or a farm outbuilding. I may also build or improve a commercial building if the costs do not exceed \$75,000. The building or residence must be for my own use or occupancy. It may not be built or substantially improved for sale or lease. If a building or residence that I have built or substantially improved myself is sold or leased within 1 year after the construction is complete, the law will assume that I built or substantially improved it for sale or lease, which violates the exemption.
5. **I UNDERSTAND** that, as the owner-builder, I must provide direct, onsite supervision of the construction.
6. **I UNDERSTAND** that I may not hire an unlicensed person to act as my contractor or to supervise persons working on my building or residence. It is my responsibility to ensure that the persons whom I employ have the licenses required by law and by county ordinance.
7. **I UNDERSTAND** that it is a frequent practice of unlicensed persons to have the property owner obtain an owner-builder permit that erroneously implies that the property owner is providing his or her own labor and materials. I, as an owner-builder, may be held liable and subjected to serious financial risk for any injuries sustained by an unlicensed person or his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting as an owner-builder and am aware of the limits of my insurance coverage for injuries to workers on my property.
8. **I UNDERSTAND** that I may not delegate the responsibility for supervising work to a licensed contractor who is not licensed to perform the work being done. Any person working on my building who is not licensed must work under my direct supervision and must be employed by me, which means that I must comply with laws requiring the withholding of federal income tax and social security contributions under the Federal Insurance Contributions Act (FICA) and must provide worker's compensation for the employee. I understand that my failure to follow these laws may subject me to serious financial risk.

initials

9. **I AGREE** that, as the party legally and financially responsible for this proposed construction activity, I will abide by all applicable laws and requirements that govern owner-builders as well as employers. I also understand that the construction must comply with all applicable laws, ordinances, building codes, and zoning regulations.

10. **I UNDERSTAND** that I may obtain more information regarding my obligations as an employer from the Internal Revenue Service, the United States Small Business Administration, and the Florida Department of Revenue. I also understand that I may contact the Florida Construction Industry Licensing Board at (850) 487-1395 or www.myfloridalicense.com for more information about licensed contractors.

11. **I AM AWARE OF, AND CONSENT TO**, an owner-builder building permit applied for in my name and understand that I am the party legally and financially responsible for the proposed construction activity at the following address:

Property Address: _____

12. **I AGREE** to notify the Brevard County Building Code Division immediately of any additions, deletions, or changes to any of the information that I have provided on this disclosure.

Licensed contractors are regulated by laws designed to protect the public. If you contract with a person who does not have a license, the Construction Industry Licensing Board and the Department of Professional Regulation may be unable to assist you with any financial loss that you sustain as a result of a complaint. Your only remedy against an unlicensed contractor may be in civil court. It is also important for you to understand that, if an unlicensed contractor or employee of an individual or firm is injured while working on your property, you may also be held liable for damages. If you obtain an owner-builder permit and wish to hire a licensed contractor, you will be responsible for verifying whether the contractor is properly licensed and the status of the contractor's worker's compensation coverage.

Before a building permit can be issued, this disclosure statement must be completed and signed by the property owner and returned to the local permitting agency responsible for issuing the permit. A copy of the property owner's driver license, notarized signature of the property owner, or other type of verification acceptable to the local permitting agency is required when the permit is issued.

LAND CLEARING/LANDSCAPING PERMIT INFORMATION:

1. LAND CLEARING PERMIT:

Sec. 62-4337. Permit Application Requirements and Review Process.

Unless specifically exempted by Section 62-4334, a permit shall be required prior to any land clearing activities.

Land Clearing means the removal or cutting down of vegetation, including trees, root-raking on any site, parcel or lot. This does not include allowable mowing, trimming or pruning so as to maintain vegetation in a healthy, viable condition.

IS A LAND CLEARING PERMIT REQUIRED? Yes _____ No _____

2. LANDSCAPE PLAN REQUIREMENTS:

II. LANDSCAPE PLAN REQUIREMENTS: All Landscape plans shall comply with Chapter 62, Article XIII, Division 2 Code of Ordinances of Brevard County, Florida, Relating to Landscaping, Land Clearing and Tree Protection. Regulations are available at:

http://www.brevardcounty.us/environmental_permitting/ep_publication.cfm

THE LANDSCAPE PLAN SHALL BE DRAWN TO SCALE ON THE SURVEY.

The following items shall be provided on the landscape plan:

- a. Aerial photograph or tree survey depicting the existing canopy coverage.
- b. Depending on the size of your property, canopy coverage and mandatory preservation may be required pursuant to Sec. 62-4334. Exemptions and Sec. 62-4339 Canopy and Tree Preservation Performance Standards. Place number, size and species of preserved trees on landscape plan.
- c. Calculations of required landscape material. For lots less than 1.25 acres, calculate required trees, and shrubs pursuant to Sec. 62-4341. Landscaping Performance Standards. (3) and place on landscape plan. Minimum size of newly planted trees shall meet the following overall height, diameter (caliper) and Spread requirements, at the time of planting, by species classification Pursuant to Sec. 62-4341 (8):

Minimum size of newly planted trees. Trees used to fulfill the landscaping requirements in this Division, shall meet the following overall height, caliper and Spread requirements, at the time of planting, by species classification:

- a. **Large species: Twelve (12) feet tall with two and one-half (2.5) inch diameter (caliper) minimum and five (5) foot Spread.**
- b. **Medium species: Ten (10) feet tall with one and one-half inch (1.5) inch diameter (caliper) minimum and three (3) foot Spread.**
- c. **Small species: Eight (8) feet tall with one (1) inch diameter (caliper) minimum and two-foot Spread.**
- d. **Palms: Ten (10) feet of Clear Trunk.**

For single-family residential lots, eight (8) feet tall, one (1) inch minimum caliper, three (3) foot spread trees may be substituted on a 3:1 basis for each required large species tree.

Pursuant to Sec. 62-4341 (9), Preservation of palms, or the planting of palms, may only be used to satisfy up to twenty-five percent (25%) of the required landscaping unless barrier island conditions prohibit the use of less salt-tolerant plants.

- d. **Note any specimen trees being preserved or proposed for removal on plan. Specimen Tree means a tree considered an important community asset due to its unique or noteworthy characteristics or values. A tree may be considered a Specimen Tree based on its size, age, rarity or special historical or ecological significance. Specimen trees include large hardwoods (oaks, maples, etc.) or softwoods (pines, cypress, cedars, etc.) in good condition as determined by a Recognized Knowledgeable Person, with a dbh of 24 inches or greater and smaller understory trees (stoppers, hollies, etc.) in good or better condition with a dbh of ten inches or greater.**
- e. **Show the limits of clearing to scale on the landscape plan.**
- f. **Must restore and sod all area disturbed by construction in county right-of-way or easements.**
- g. **Pursuant to Sec. 62-4339 (c) Provide the details for the method of root zone protection that will be utilized for all preserved trees during construction.**

- III. **INVASIVE PLANT REMOVAL: Pursuant to Brevard County Code of Ordinances, Chapter 62, Section 62-4341 (15) Prior to the issuance of the Certificate of Occupancy or Certificate of Completion for single-family, subdivision, multifamily, commercial, and industrial projects, and at the time of development of government-owned lands, all Non-Native Invasive Plants, as defined in this Division, shall be removed. For lots greater than five (5) acres, the requirement to remove and control re-growth of Non-Native Invasive Plants applies to five (5) contiguous acres to and including the Area of Alteration as defined in section 62-4332. After the issuance of the Certificate of Occupancy or Certificate of Completion, re-growth of Non-Native Invasive Plants shall be controlled in perpetuity. The requirements to remove Non-Native Invasive Plants at the time of development and control re-growth of such**

plants in the required area within the site shall apply countywide and prospectively to property after October 24, 2006. Australian pine may be retained on site with a waiver from the Director if maintained at its current extent.

IV. NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PHASE II CONSTRUCTION PERMIT REQUIREMENTS: As of May 1, 2003, sites one acre or greater must complete a Notice of Intent (NOI) [DEP form 62-621.300(4)(b)] and must develop and submit a Stormwater Pollution Prevention Plan (SWPPP) in order to comply with the Generic Permit for Stormwater Discharge from Large and Small Construction Activities [DEP 62-621.300(4)(a)].

3. AFFIDAVIT OF COMPLIANCE FOR PLANTED LANDSCAPE

I, the undersigned, hereby understand and agree that pursuant to Brevard County Code of Ordinances, Chapter 62, Article XIII, Division 2, Section 62-4339(2)(a) Section 62-4341(3)(4). No Certificate of Occupancy or Certificate of Completion shall be issued by the County without full satisfaction of the landscape requirements in accordance with the approved Development Order:

Code Section 62-4339(2)(a) states:

No more than fifty percent (50%) of planted trees shall be of any one genus (i.e. *Quercus*, *Pinus*, *Acer*, etc.) to encourage biodiversity and decrease impacts from disease.

Code Section 62-4341 (3)(4)states:

- (3) All development shall meet the following standards through preservation, plantings, or a combination thereof: All plantings shall be at least Florida No. 1 grade as defined by the *Grades & Standards for Nursery Plants*. 1998. Division of Plant Industry, Florida Department Agriculture and Consumer Services, as may be amended. Fruit and Nut Crops, appropriate to Brevard County, shall be considered for credit towards required plantings provided size specifications, as outlined above, are met.
- (4) At least fifty percent (50%) of trees required for preservation and planting shall be of native species. At least fifty percent (50%) of shrubs and groundcovers shall be native species or recommended by "Waterwise Florida Landscapes. 2004. Florida Water Management Districts, as may be amended.
