RE: Item III.B.2., Permission to Issue Open Purchase Orders (FY 2011/2012) for Vendors of Record

The Board of County Commissioners, in regular session on September 6, 2011, approved the use of State Contract, Cooperative Contracts, and other agency Contracts as Vendors of Record on the attached list; approved the use of the attached vendors determined to be the sole source for the products or services indicated; approved the issuance of blanket purchase orders; authorized the Chairman to execute Contracts to those vendors exceeding \$100,000; and approved competitive action in the event of unforeseen changes to the approved vendors and/or cooperative purchasing programs. Enclosed is the Vendors of Record List.

Your continued cooperation is always appreciated.

Sincerely yours,

BOARD OF COUNTY COMMISSIONERS
MITCH NEEDELMAN, CLERK

Tammy Etheridge, Deputy Clerk

Item No.	III. B. 2

AGENDA REPORT
BREVARD COUNTY BOARD OF COUNTY COMMISSIONERS

SUBJECT: PERMISSION TO ISSUE OPEN PURCHASE ORDERS (FY 2011/2012) TO APPROVED VENDORS OF RECORD
 DEPT/OFFICE: CENTRAL SERVICES OFFICE/PURCHASING SERVICES

Requested Action:

It is requested the Board:

1. Approve the use of State Contract, cooperative contracts and other agency contracts as vendors of record on the attached list.
2. Approve the use of the attached vendors determined to be the sole source for the products or services indicated.
3. Approve the issuance of blanket purchase orders and authorize the Chairman to execute contracts to those vendors, exceeding \$100,000.
4. Approve competitive action in the event of unforeseen changes to the approved vendors and/or the cooperative purchasing programs.

Summary Explanation & Background:

County Policy BCC-25 requires Board approval to purchase from:

1. Competitive State or other cooperative agreements exceeding \$100,000.
2. Sole source and/or Proprietary purchase, which in some cases may be the original equipment manufacturer (OEM), where purchase exceeds \$100,000.

On Sept. 15, 1987, the Board directed vendors of record within these categories be brought to the Board for approval on an annual basis. Approval of this action will eliminate repetitive Board action requesting permission to utilize vendors of record listed. Also to expedite the process, the County Manager currently has Board authorization to approve utilization of vendors of record listed up to \$100,000. Cooperative purchasing programs contribute to cost savings by taking advantage of volume buying, consolidated bid solicitation and product testing. These programs also facilitate the sharing of information and expertise about commodities and services being procured and often attract more competition and reduce administrative costs. Brevard County participates in other intergovernmental cooperative purchasing programs through the National Association of Counties (NACO) and U.S. Communities which offer local government's access to nationally solicited contracts that provide significant reductions in price and guaranteed delivery features.

Commodity contracts initiated by the State of Florida promote quality control, continuity and product standardization, which if found defective or unsatisfactory, may be tested by the Florida State Bureau of Testing. The State of Florida bids present a cost savings, as those contracts executed in prior years and extended at the same pricing are not influenced by inflation. Likewise, the State of Florida evaluates each bid to ensure that the continuance of a contract is favorable prior to extension of the agreement. In addition, Brevard County is taking advantage of the State's larger buying power.

SUBJECT: PERMISSION TO ISSUE OPEN PURCHASE ORDERS (FY 2011/2012) EXCEEDING \$100,000 TO APPROVED VENDORS OF RECORD

SUMMARY EXPLANATION & BACKGROUND, CONTINUED

OEM (Original Equipment Manufacturer) repair and/or parts vendors, or their authorized representatives, provide service, usually for heavy industrial equipment. Their services are not normally franchised to retailers but retained under the control of the OEM to ensure quality control and equipment reputation. Copies of authorization letters are on file at Purchasing Services. In addition to providing a high level of quality and longevity, use of OEM parts and service providers insures that equipment warranties are not diminished or voided.

Approval of this action will eliminate an estimated fifty additional Board actions granting permission to purchase common items and services from differing agencies.

Fiscal Impact FY 11/12: Estimated annual amounts are based upon historical use. Minimizing administrative costs insures efficient use of available funds and the timely provision of commodities and services necessary to provide for the health, education, social needs and enhance the quality of life of the residents of Brevard County. Establishment of costs associated with these commodities/services is allocated to individual agencies funding source. Funds will be encumbered through user initiated blanket purchase orders.

Fiscal Impact FY 12/13: Costs associated with these commodities/services will be allocated against individual agencies funding sources through user initiated blanket purchase orders.

BREVARD COUNTY
BOARD OF COUNTY COMMISSIONERS

**INTER-OFFICE
MEMORANDUM**

TO: Howard Tipton, County Manager

THRU: Stockton Whitten, Assistant County Manager

FROM: Steve Stultz, Central Services Director

DATE: September 8, 2011

SUBJECT: *Permission to Issue Open Purchase orders (FY 2011/2012) Not To Exceed \$100,000 to Approved Vendors of Record; and Permission to Issue Annual Supply Bids, Quotes and Proposals and /or Negotiate Competitive Agreements under \$100,000 in annual value (FY 2011/2012)*

Pursuant to County Policy BCC-25, the Board of County Commissioners, in regular session on September 6, 2011 approved the use of vendors of record exceeding \$100,000 and permission to solicit competitive bids, quotes, and/or negotiate competitive agreements and authorized the Chairman to execute associated contracts and renewals over \$100,000 in annual value.

Purchasing Services is requesting your approval for the use of vendors of record **not to exceed \$100,000** and approval to solicit competitive solicitations for commodities and services **up to \$100,000** in annual value under the same conditions approved by the Board of County Commissioners on September 6, 2011. Approval of this request will eliminate repetitive requests from user departments to purchase routinely used items and services.

Please do not hesitate to contact me regarding this matter at extension 5-5492 if I may be of additional assistance regarding this request.

Thank you for consideration of this matter.

APPROVED:  Howard Tipton, County Manager
